

Need a keyboard or piano or a piano tuner?

D.C PIANO COMPANY

MMS is happy to partner with D.C. Piano Company in Berkeley for all of our digital and acoustic piano needs. They are a wonderful, locally owned piano store, selling new and used pianos, keyboards, and sheet music.

For an inexpensive starter keyboard, we recommend the Casio Privia PX 160. D.C. Piano carries the PX 160 for \$499. After the PX 160, the Kawai line takes over and has a higher quality piano touch. They offer the ES100 which runs \$699 http://www.kawaius.com/digital/Portable/es100_main.html. They also offer a couple models at the \$1000 price point (KDP90, CL26) same action as the ES100 but includes the stand and bench. If you are willing to invest a little more upfront, D.C recommends the Kawai CN27 because it plays and sounds much better than anything on the market, \$1899 <http://www.kawaius.com/digital/CN/cn25.html>

D.C. Piano also carries a wide range of used and new acoustic upright and grand pianos and they also rebuild, repair, and maintain all their pianos in-house.

For MMS students, D. C. Piano will offer 15% off on any digital pianos that are not listed for online sale. The Casio Privias, Kawai Es100 are sold everywhere across the internet and the pricing is highly regulated. But D.C will include the tax on those models as an incentive to keep business local, instead of online.

We recommend you stop in to visit them in Berkeley.

*Please be sure to say McAllister Music Studio sent you to receive
extra special care!**

For all your piano tuning needs, we recommend:
